

SPEAKING TOPICS:

🔑 **How to Positively Support Someone to Live Well with Dementia**

Dr Nightingale will show you how to support not only the individual who is living with Alzheimer's disease or another type of dementia, but also family members and friends who are sharing the journey.

🔑 **Dementia is NOT Inevitable**

Dr Nightingale will show you how to greatly reduce your risk of developing Alzheimer's disease and any other form of dementia.

TESTIMONIALS:

"I have shared a platform with Dr Dan, as I like to refer to him, a number of times. He is an engaging and inspirational colleague. If you get the chance to work with or engage Daniel you will come away richer for the experience"

~ **Dr Paul Smith, Interim Consultant Dementia Care, Lancaster Care NHS Foundation Trust**

"Dr Dan is a unique and good soul with qualities that make a wonderful teacher. His delivery is engaging, the course material is thorough and clear with Dr Dan giving an informative and up-to-date insight into dementia treatment and research from across the globe."

~ **Rachael Armstrong, Clinical Specialist**

Some years ago I attended a talk you gave at a Nightingales nursing home in Kidderminster Worcestershire. I have never forgot the things you said in that presentation, you were a real inspiration.
